Path to Success

Positive Business Outcomes for our Clients.
This is the success we strive for.

We promise mindful solutions through holistic approaches, proven expertise and collaborative partnerships.

Success for our Clients

is the result of a judicious combination of their inhouse capabilities with the expert guidance, innovative design, and solution delivery capabilities brought by us. The Value Delivery Model employed by DivIHN seeks to bring to our Clients

Leadership in Strategy Alignment
Helping Clients achieve strategic continuous alignment between business and IT, and helping architect the enterprise using a Business/ Operations/ Systems / Technology alignment framework.

Leadership in Technology Vision
Helping Clients proactively identify, evaluate, and respond to challenges and opportunities presented by Technology developments.

Leadership in Solution Design
Helping Clients in design of simple solutions for complex problems, in alignment to the enterprise architecture.

Leadership and Innovation in Project/ Service Delivery
Helping Clients get their projects (and services) delivered per planned capability, quality, time, and cost.
